# Community Clean-Up and Bylaw Violations

## October 26<sup>th</sup>, 2016

Musqueam Safety and Security is working in conjunction with various departments of the Musqueam Indian Band and Buster's Towing, to **ensure the safety and cleanliness** of our streets and property are of the utmost priority. We will be addressing unlicensed vehicles on public roads immediately.

Derelict vehicles, large boats and other debris on sidewalks and roads are not only unsightly but also cause a serious danger to our children and elders. We ask that you also keep in mind community pride. Our community and reserve is ours to care for both collectively and as individuals.

We have conducted a community wide sweep of roads and properties and noted Bylaw violations. We will be giving notice to those who are in violation of our Bylaws and asking that appropriate and timely action be taken to resolve these. Copies of all Bylaws are available at our main Administration Building during business hours.

By-Laws to note:

1. Traffic and Street Bylaw
  - Prohibits any person from placing, leaving or abandoning any derelict or abandoned motor vehicles on any street.
2. Nuisance By-law
  - Prohibits the storage or deposit of waste, vehicles, vessels, trailers, motor homes, fishing equipment, and commercial equipment on any Band Land.
  - Prohibits the storage or deposit of any substance or material that emits an obnoxious odor on any land, including real property for which a certificate of possession has been given.
3. Untidy Premises By-law
  - If you are to store any fishing equipment etc. on your real property it must be kept in a clean and non-hazardous manner
  - No owner of any real property may allow for accumulation of rubbish, discarded materials, hazardous waste, garbage, ashes, filth, offal or stored materials on said property.

Please note that all of these by-laws have provisions for the remedy of any violations, including but not limited to fines and the removal of vehicles, vessels, trash, and other offending materials.

We would like to thank those community members who have made an effort to ensure bylaw compliance and the cleaning up our streets. It has made a noticeable difference and community members have expressed their gratitude. # Halloween Safety Tips

## Tips for Parents, Children and Drivers

Halloween can be an exciting time for children and with the distraction of candy and costumes, safety rules can easily be forgotten. In fact, research shows that distractions can increase a child's chances of being struck by a car. Halloween means there will be more children out on the streets, which is why drivers need to take extra care.

Parachute offers parents, children and drivers these tips for a safe Halloween:

**An adult or responsible older child should accompany younger children** since they may lack the developmental skills to cross the street on their own.

**Teach your child to stop at the curb**, look left, right and left again, and to listen for oncoming traffic.

**Select costumes with bright colours** to increase your child's visibility and choose face paint instead of masks.

**Always cross at crosswalks, street corners or intersections** – it's unsafe to cross between parked cars or other obstacles.

**Stay on the sidewalk** when walking from house to house, and if there is no sidewalk, walk beside the road, facing traffic so drivers can see you.

**Drive slowly** in residential areas where children are more likely to be trick-or-treating.

**Watch out for kids**, many of who will be wearing costumes that limit their vision.

**Reduce distractions**, such as cellphones or loud music, and stay alert.

### **Safe Drinking Water Monitor Program - Charlene Campbell-Wood**

#### **Canadian Drinking Water Guidelines**

Canadian drinking water supplies are generally of excellent quality. However, water in nature is never "pure." It picks up bits and pieces of everything it comes into contact with, including minerals, silt, vegetation, fertilizers, and agricultural run-off. While most of these substances are harmless, some may pose a health risk. To address this risk, Health Canada works with the provincial and territorial governments to develop guidelines that set out the maximum acceptable concentrations of these substances in drinking water. These drinking water guidelines are designed to protect the health of the most vulnerable members of society, such as children and the elderly. The guidelines set out the basic parameters that every water system should strive to achieve in order to provide the cleanest, safest and most reliable drinking water possible.

*If you would like more information on Canadian Drinking Water Guidelines go to [www.hc-sc.gc.ca](http://www.hc-sc.gc.ca)*

**FOR IMMEDIATE RELEASE Vancouver, October 25, 2016**

A major step forward in the Day Scholars Class Action was taken yesterday with the announcement of the appointment of a Ministerial Special Representative (MSR) for the purpose of negotiating a settlement. The Minister of Indigenous and Northern Affairs, the Honourable Carolyn Bennett, made the announcement appointing Thomas Isaac the MSR at the BC Assembly of First Nations Annual General Meeting.

Launched in 2012 by the Tk'emlúps te Secwépemc and shíshálh Indian Bands, who were joined by the Grand Council of the Crees (Eeyou Istchee), the Day Scholars Class Action lawsuit seeks compensation on behalf of all Aboriginal Canadians who attended an Indian Residential School, but who did not sleep there. The case also seeks declarations regarding Canada's role in the failure to protect Aboriginal language and culture, and looks for compensation for the children of survivors, and the bands to which survivors belong.

Chief Fred Seymour "We are very pleased to see the appointment of Mr. Isaacs as the Minister's representative. We are hopeful that Canada will come to the table with an open heart and mind and seek a true resolution of this tragic part of our history."

Chief Calvin Craigan "When this Government was elected, it was with a mandate of resolution of the outstanding issues from the Indian Residential Schools. We hope that the appointment of Mr. Isaacs is a sign of Canada's commitment to achieving that resolution, and that he will honour the spirit of Canada's goal of reconciliation."

Grand Chief Matthew Coon Come welcomes the appointment of Thomas Isaacs as the Ministerial Special Representative (MSR) for the purpose of negotiating a settlement in the Day Scholar Class Action and calls for discussions to begin quickly. "We look forward to working with Mr. Isaacs and we hope that we will be able to arrive at a settlement which will provide justice for the Day Scholars, their descendants and their communities."

The appointment of an MSR means that the lawsuit will take a new path forward, as both sides prepare their positions for negotiations. Any settlement that is reached will also have to be reviewed by his Honour, Justice Sean Harrington, who is overseeing the Class Action. While the process will take some time, both sides, as well as the court, are committed to moving quickly to find a solution before more survivors are lost to old age.

The Plaintiffs remain committed to a fair outcome for all survivors, their children and their bands, and will work hard to ensure that the voices of all those who attended the Indian Residential Schools, but who were not compensated under the Indian Residential Schools Settlement, are heard.
