Thank you to Musqueam Community:

Hello all,

On behalf of the entire Mearns' family, friends and relatives, I would like to extend a sincere and heartfelt thank you to the Musqueam community. Your help, love and support during our most difficult time, as we lay our dear mother to rest, is appreciated beyond expression. Your kind words, thoughtful prayers, and warm embraces carried, and continues to carry, my family and I, as we attempt to resume our day to day lives.

To all of the cooks and workers who provided the awesome food throughout the week, for the funeral and prayers - your hard work, caring and love were clear and evident. To the hard working staff, the lovely singers who lifted our spirit, the laughter of the children, and the unwavering support will always be in our thoughts and in our hearts.

A special thanks to Chief Wayne for his steady hand and guidance; and for helping us through another incredible hardship.

I raise my hands to all in the Musqueam Community, and am eternally grateful to all the people who have helped, too numerous to name.

With love, hugs, and respect,

Craig Mearns

On behalf of Grace Mearns and family.

Safe Drinking Water Monitor Program

—Charlene Campbell-Wood

Dehydration

It is so important to keep hydrated by drinking water and foods with lots of water.

Dehydration occurs when your body loses too much fluid. This can happen when you stop drinking water or lose large amounts of fluid through diarrhea, vomiting, sweating, or exercise. Not drinking enough fluids can cause muscle cramps. You may feel faint. Usually your body can reabsorb fluid from your blood and other body tissues. But by the time you become severely dehydrated, you no longer have enough fluid in your body to get blood to your organs, and you may go into shock, which is a life-threatening condition.

Dehydration can occur in anyone of any age, but it is most dangerous for babies, small children, and older adults.
