

**Musqueam Community Notice**  
**Musqueam Fisheries Department**

**July 22nd, 2016**

**For this coming weekend there will be no fisheries.**

**There are not enough “Early Summer” Sockeye showing up in the system yet to allow for a Sockeye fishery.**

**As well DFO has a lot of concern surrounding the current “Summer 5-2” run of Chinook Salmon so a fishery for Chinook could not be opened.**

**The Fisheries Department will also be updating the info line from now on in the future for those who do not have access to either this notice or the Musqueam Fisheries Facebook page.**

**MUSQUEAM FISHERIES INFORMATION LINE:**

**604-269-3393**

**If you need any assistance gaining access to this information or require more clarification the AFO’s numbers are below.**

*Thank-you,*
